

Mario Marcolongo

Research & Technical Operations

Italy · EU citizen · Seeking relocation abroad

me@mariomarcolongo.com · mariomarcolongo.com · [LinkedIn](#)

Summary

Research and technical-operations contributor with paid scientific fact-checking experience, public-source investigations and accepted open-source contributions. I trace evidence, reconcile inconsistencies and help turn findings into usable outputs. Currently studying Python, SQL and IT foundations through Metropolia Open UAS path studies.

Experience

Entropy for Life

Paid contractor · Jun 2023–Present · [View work](#)

- Contributed research, fact-checking and production support to 80 documented published pieces: 55 videos, 4 articles and 21 short-form pieces.
- Retrieved and checked scientific sources and supported source-faithful English-to-Italian localization; responsibilities varied by assignment.
- Managed publishing and technical website operations alongside scientific content work.

Selected contributions

AI Safety Formalization Atlas

Open-source contributor · Sep 2026 · [View work](#)

- Contributed three merged pull requests covering macOS validation portability and repository instruction organization.
- Diagnosed a Bash 3.2 compatibility failure and contributed a fix accepted by the upstream maintainer.

Yourself to Science

Independent project · [View work](#)

- Maintained a directory of 55 research-participation resources, with documented inclusion decisions and linked sources.
- Organized resource information and maintained the AI-assisted website.

Education

Metropolia University of Applied Sciences — Open UAS Information Technology path studies

Aug 2026–Present

English-taught, online Open UAS path studies (non-degree). Python Programming: 3 ECTS, Pass, assessed 15 Sep 2026.

University of Campania Luigi Vanvitelli — Medicine studies, degree not completed

2020–2023

Skills

Demonstrated work: Scientific literature search, source verification, information organization, technical documentation and functional testing.

Programming foundations: Python fundamentals — Python Programming, 3 ECTS, Pass (Sep 2026). Continuing study in Python, SQL, systems and quantitative foundations.

Languages
